Spruce Biosciences to Participate in the Guggenheim 3rd Annual Healthcare Innovation Conference

November 2, 2026

SOUTH SAN FRANCISCO, Calif.--(BUSINESS WIRE)--Nov. 2, 2026--

Spruce Biosciences, Inc. (Nasdaq: SPRB), a late-stage biopharmaceutical company focused on developing and commercializing novel therapies for neurological disorders with significant unmet medical need, today announced that Javier Szwarcberg, M.D., M.P.H., Chief Executive Officer, will participate in a fireside chat at the Guggenheim 3rd Annual Healthcare Innovation Conference on November 10, 2026 at 11:30 a.m. ET in Boston, MA.

Interested parties can access the live webcast here. An archived copy of the webcast will be available on the events section of the Company's website for approximately 90 days following the live presentation.

About Spruce Biosciences

Spruce Biosciences is a late-stage biopharmaceutical company focused on developing and commercializing novel therapies for neurological disorders with significant unmet medical need. Spruce's lead product candidate, tralesinidase alfa enzyme replacement therapy (TA-ERT), is in late-stage development for the treatment of MPS IIIB, a devastating pediatric neurodegenerative disorder for which there are no FDA-approved therapies. TA-ERT has received Breakthrough Therapy Designation, Rare Pediatric Disease Designation, Fast Track Designation and Orphan Drug Designation from the FDA, as well as Orphan Drug Designation in the European Union.
